

NOTICE OF ENVIRONMENTAL IMPACT STATEMENT ADDENDUM ISSUANCE AND AVAILABILITY

On December 2, 2024, the City of Tukwila issued an addendum to the Tukwila Comprehensive Plan EIS, pursuant to the State Environmental Policy Act rules (Chapter 197-11 WAC) (File # E24-0001). The EIS was previously issued on October 9, 1995 (File #L92-0053).

The addendum addresses the review and update of the Comprehensive Plan that is required by the Washington Growth Management Act per RCW36.70a.130. It includes amendments to all elements of the Comprehensive Plan. The revisions reflect changes in the Growth Management Act and incorporate information from current state and regional planning guidance (e.g., the King County Countywide Planning Policies, and the Puget Sound Regional Council’s Vision 2050 plan) as well as City plans, policies, and programs. The Comprehensive Plan has also been edited to streamline and clarify language. This is a nonproject (programmatic) EIS addendum.

Copies of the addendum, and original FEIS are available online for review online at:
